FROM THE EDITOR

"I OPTED TO SHOWCASE SOME OF OUR NEWER X-GIRLS, CELEBRATING WHAT'S STILL TO COME."

Wow! It's hard to believe that the X-Sisters Sex Bar has hit the one-year mark this January. The journey from its inception to now has been nothing short of magical, transforming into an amazing community that leaves me almost speechless.

While this magazine is only in its 5th issue, the bar has been growing for a solid 12 months, thanks to the incredible team of X-Girls and the wonderful community of Barflies.

As I curated this issue, I initially leaned towards featuring one of our seasoned X-Girls to celebrate the past year. However, I had a change of heart and opted to showcase some of our newer X-Girls, as both cover and X-Girl of the month. Celebrating what's still to come.

However!! On the centre pages you are in for a treat!!

So as always, grab your lube and get ready for page after page of X-Girl magic.

Get ready to be bewitched by the beautiful Alex, the enchantress who walked through the doors of the X-Sisters Sex Bar in late 2023.

From the moment she stepped foot inside, it was as if a magnetic force pulled men towards her, leaving them weak in the knees and speechless in her presence.

Who can blame them, really?

Alex is not just your everyday beauty; she possesses that rare quality that sets her apart. There's a glimmer in her eyes that hints at an untamed spirit lurking within, pulling in anyone who dares to lock gazes with her.

She embodies the perfect X-Girl, and beckons us all to take notes and learn from her seductive ways.

But who truly is Alex? What ignites the fire within her? What leaves her utterly spellbound?

Settle in with a steamy cup of coffee and prepare to find out. And don't forget to feast your eyes on the accompanying pictures that will surely leave you throbbing for more.

ALEX

You've been in Second Life for a long time. What brought you here and what keeps you here?

I was playing another game in high school where the character's background was that she had amnesia. Then the very next question was asking for her name and I was like, "but she doesn't know!"

So I just called her "Girl"; then I met someone in game who asked me a mysterious question, "Are you in the Life?". I didn't know what that meant and they brought me to Second Life and I became "girl" here too!

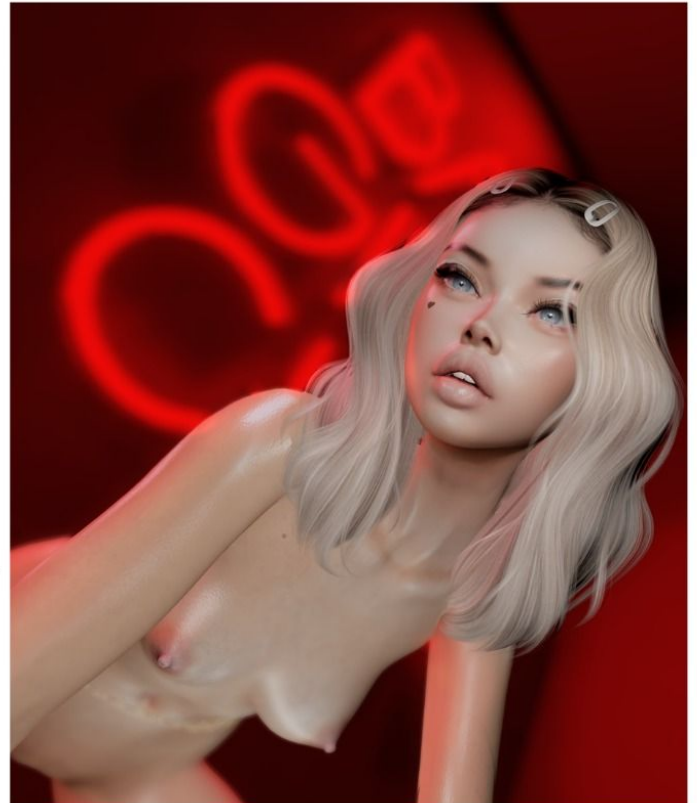

It's different now but they used to give you like four possible last names to choose from and "Alex" was one of them, so here I am! Girl Alex. I stay because I love roleplaying and here you can do absolutely anything and just let your creative mind dream!

What advice would you give to others who may be starting their Second Life journey?

Are there new SL players? I assume they are alts! :) Just kidding. SL can definitely be a bit overwhelming -- especially now when we need separate mesh bodies and heads to look our best.

My advice would be to start with the Marketplace and search on shapes; find a look that suits you and work backwards. Most come with a Style Card to help you look just like the picture. Then, as you get more comfortable and learn more, you can tweak it and make it your own. Oh, and lindens!

You spend money on other aspects of your life (Netflix, a drink at lunch, etc.) -- this place is much more fun with lindens. Trust me. :)

If a Barfly wants to hire you, what is the biggest turn on for you?

Honestly, just that. I absolutely love being the "Pick-me" girl! The one everyone wants to be around. The popular girl in high school or that one cute sweet girl at church that all the older guys want to be with.

The fact that the Barfly is interested in me is enough to get my heart pounding! But if you want a more complete answer, I'd say this -- I can tell when someone is excited around me and it's contagious! If the patron is feeling aroused with me then I will for sure get all horny too.

ALEX

What brought you to sex work?

When I first came to SL, I was so innocent. In a way, I still am.

That may sound strange considering this line of work -- but I get shy very easily. At first I didn't even realize you could have sex on SL but once I did -- gosh! -- I became kind of obsessed with it.

I toss and turn in bed and get so squirmy that I need to login just to find some fun. And earning a little for it is a real thrill. Love when I hear that cute ka-ching sound!

Plus it helps me to look my very best and it's so much fun to go shopping and dress up in the latest fashions!

And, perhaps most importantly, the fact that someone gives me a real gift is so touching and proves they are committed and wanting something truly meaningful.

What's your favourite style of sex?

You're going to make fun of me perhaps but -- I'm very oral.

I love performing fellatio and cunnilingus. Parting my lips and sliding my mouth down on a nice cock (any size!) or licking another girl's cunny are both so good. Feeling the guy in my mouth and against my tongue -- not just pleasuring my partner but tasting them -- it's so intimate.

So, I really like it when guys ask me to give them the best blowjob they've ever had ... I'll do anywhere; even in the back seat of your car ♡

ALEX

ALEX

Weirdest sex experience you've had?

I love creative roleplaying and I got pretend "kidnapped" once -- a chloroform soaked cloth over my nose and mouth. I woke up in a farm where the roles were reversed -- the animals ran the place and the humans were used as livestock. I was kept in a stable and the farmhands would refer to me as a "pretty little cow" and told me to "moo". I managed to escape before anything truly strange happened to me but the things I saw going on there were pretty wild!

FHottest sex experience you've had?

Did I mention I was a cow once? Just kidding. I've had so many fun experiences, it's difficult to rank them -- but perhaps there was this time ... I'll tell you a secret. I can sometimes play the role of a Femme Fatale if my partner is into that. One time, in the middle of domming them, my sub suddenly got bossy and "flipped" me -- it was a big surprise to be taken off-guard like that. Believe me, I *melted* and folded like weak hand in poker! It was such an erotic moment that part of me wishes it would happen again sometime ...

ALEX

What's the best way to make you cum?

I'm usually aroused from the jump so when my partner orgasms, it makes me climax too!

I love cumming together with someone -- the same time or shortly separated.

But if you're looking for something more specific on this question -- I confess that my nips are ultra-sensitive. I can sometimes experience an intense release from nipple stimulation alone.

It's kind of embarrassing, actually. But it can really make me feel so good when someone pays attention to me there.

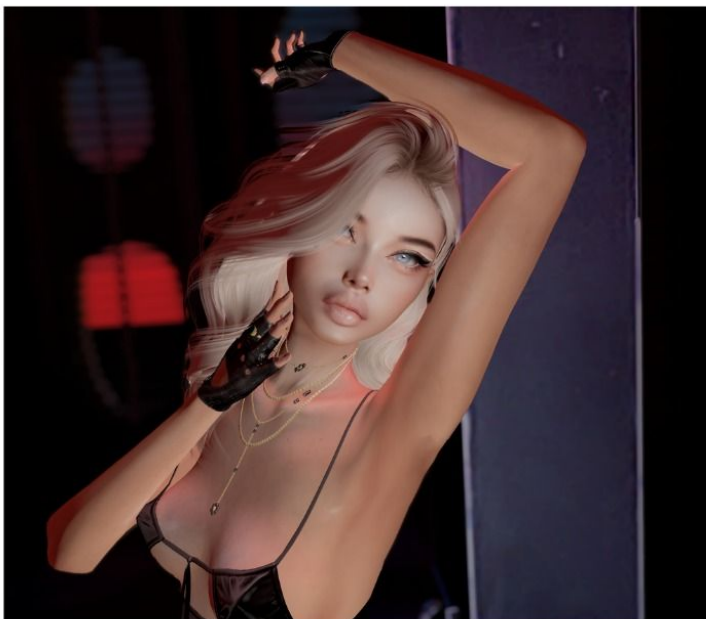

Finally, what does being a part of the X-Girls and Barflies community mean to you?

I like being a part of something bigger than just myself. I used to do some modeling for a major SL store and was an admin at a sim to help out but being an X-Girl is like a dream come true!

I feel like a celebrity working here; X-Sisters is on the list of official SL destinations as the premiere sex sim. I love that since, in addition to our wonderful loyal regulars, it attracts new clients who I've never met before.

And of course my co-workers are the absolute HOTTEST girls on the grid! It's nice to be part of such a fun community!

TIME FOR A TRIP DOWN

*DEAR READERS THE X-SISTERS SEX BAR
HAS BEEN OPEN FOR A YEAR NOW.*

WOW!!! A WHOLE YEAR!!!

*METHINKS IT'S HIGH TIME FOR A TRIP
DOWN MEMORY LANE.*

The Beginning

Pretty much a year ago I entered a small store in a business district. The store had a strange inventory: sum t-shirts, guns aaaand blowjob vouchers.

As I said ... a bit strange.

Moving through the small store I followed the beat of tunage and found myself in an equally small bar over the store. My Roomie, Jess welcomed me “Evening Chandra looking sexy as ever.”

The opening party of the bar had a decent crowd and I had lotsa fun there dancing, flirting aaand having a good time.

A lot has happened since then. Let’s get started.

Moving, Moving aaaaand Moving again

Since Jess and Lumi started her small business, which isn’t small anymore a looot has happened. First sum prudish neighbors complained that selling BJ vouchers would sluttyfy the region and soon whores would stand at the street corners advertising their questionable charms.

TOTAL rubbish!!!

Our charms are not questionable! They are very CHARMING!!!

We don’t ply our trade at street corners. We got the bar for that aaand we are modern whores so we use addboard for advertisement.

Thankies I rest my case.

Still we had to move. First in a skybox as the first bar. Here I met our “nephew“ Biggie, who stumbled into the bar on his first day in all his primmy glory. He liked the bar and we kinda adopted him. He tells everybody he was raised by whores and calls us aunties, which does make me feel OLD. Of course, he got one of the X-Sisters infamous makeovers. I couldn’t notice any behavioural changes soo I guess they didn’t do the brain surgery this time.

"THEN ALL OF A SUDDEN A TANK DROVE DOWN THE HALLWAY CRASHING INTO OUR ROOM."

The next stop was a parcel on the mainland. The bar was bigger we did have rooms above the bar for sum private fun. Of course, more often than not sumone would kick open the door and weirdness ensued. Our final stop was 1/2 sim we use now. Of course each incarnation of the bar went through sum rebuilds and changes. They were necessary due to need for more rooms, repairs damage caused by explosives, car, and plane crashes and the occasional misfired spell (which totes wasn't me), sooo normal hookers stuff. Currently, we have the bar with sum rooms and VIP skyboxes, the beach-bar for summertime, a motel with room service, and a club that is open every Saturday.

HAPPY STAR WARS DAY

We did have an awesum party for May the 4th. Zathras aaand Rach did cover the tunage. A lot of the guests and girls came in costume. I had to give Gemmie sum geek lore lessons and an Ahsoka Tano costume, which she proudly wore for the party.

There also was also a lot of sex to be had. It started with me and Zath sneaking into Dee's office for sum sexy roleplay and him nailing me on her desk. Of course, Dee caught us. During the party, Jess snuck off with a guest for a quicky and I boinked Zath on top of the bar. For the grand finale, Sluttrooper Dee got her ass stuffed in the toilet, after the party by a Mandalorian bounty hunter she tried to arrest.

SMEXY ENCOUNTERS OF THE WEIRD AND SPOOKY KIND

Work at the X-Sisters bar is a wild ride aaaand you neva know whut will happen to you while you are there. That's what makes it SOOO much FUN!!!

One afternoon I was having sum fun with Zath in one of the upstairs room, while Foxy was watching us. All of a sudden the doors flew open, Dee and Lumi stormed in armed with pom-poms and started cheering Zath on to fuck me harder, which he did.

Thankies girls!

Then all of a sudden a tank drove down the hallway crashing into our room. Luckily Jess build the doorways pretty solid so the tank got stuck and could not reach us. It fired a few salutes, while I was getting covered in cum and then poofed.

"HE IS HARMLESS AND MAKES ME CUM GOOD, SO I DON'T MIND HIM"

A lot of peeps think whores are dumb because otherwise, we wouldn't be whores. But the truth is we are complex beings. We not only got looks, we also have brains. In fact being brainy is quite useful. The barflies don't pay us for sex, they pay us for making their wildest dreams cum true ... aaand hawt sex. That does require sum brainpower. Sum of us even turn our brains to science. Jess demonstrated this by building the Gembot, a complex AI-driven sex toy fueled by sex and beer.

Now THAT is whut I call green fuel. :D

The Gembot was quite a success and very popular with the barflies, due to its easy-to-use menu and its ability to take virtually any kind of dicking. Gembot was eventually retired. The science was done and it was driving us normal girls into bankruptcy. But should you ever own a car that uses beer and sex for fuel thank Jess.

For sum reason, our bar is haunted. But no worries, our gostie is a big perv. So if you see an X-Girl floating around sumwhere and moaning like she is having the time of her life our pervy ghostie is to blame.

I first noticed our ghost when he was fucking Gemmie against a wall. Later he surprised me under a shower. He is harmless and makes me cum good, so I don't mind him around and a lot of the others don't seem to notice him. Well basic ghostie stuff. They like to make peeps forget they are there.

I have not found out who he is ... yet, but I'm on it. I tried doing a sceance together with my friend Daria, aka the gloomie one. Well, that misfired pretty good and we had to fight off a Demon and his minions. Turns out the stupid demon had the wrong address for his soul collecting. I do have sum leads on how to find out more about the ghost and I will keep you posted as soon as I learn more.

*"A BUNCH OF TIPSY OR DRUNK
HOOKERS RUNNING THROUGH THIS
LIBRARY TRYING TO FIND CLUES"*

SISTERHOOD

As I wrote in one of my earlier articles the X-Girls are not a posse of whores banding together for business. We are a family. We laugh together, cry together, have fun together, and take care of each other.

Like when we learned that Gemmie had an unhealthy obsession with being locked up in a pig pen. Us girls banded together and had a Gemtervention to make her see the slippery slope she was sliding down into a really messy pig pen. We had banners, each of us said sumthing pig worthy to make our sister come back to us and stop oinking. There were a lot of tears but we saved Gemmie.

Sometimes we just need to rewind and have fun after hard day's work. That's when we just go out and enjoy life. Rach always knew sum cool clubs, like Mermaids Cove, were we could hang and have fun. Many of them mostly frequented by girls, so not so much oogling Weeeeell okies girls oogle too but it's different.

One night Jess dragged us all to the MadPea amusement park. We started off trying to solve a murder mystery in an escape room It was hilarious, a bunch of tipsy or drunk hookers running through this library trying to find clues and solve the mystery before the time runs out. Of course we all got slaughtered horribly. Maaaaybees all that bubbly before was not advantageous for our mental capabilities. After that we went to the park giggling as we played the games and went to the rides. Somewhere during that time Jess drugged me and made me addicted to her.

This addiction lead me to wanting to be near her and getting the shivers, hearing voices and seeing pretty colours when she was not around. This lead to sum pretty bizarro scenes like me trying to do a roleplay with all that going on around me or me having sex with a barfly while totally zonked out. Fun times at the bar. :D

Weeeeell that one was a meanie but still fun in a way.

NOT that I want to do it again. Hope you are reading this Roomie!

"AS IF HE HAD BEEN WAITING FOR THAT EXACT MOMENT HE CAME BACK FROM LIMBO"

Of course the year was not all fun, games and awesum sex. There where moments which made me really sad.

The year started with my friend and neighbour Greg disappearing all of a sudden. At sum point the X-Sisters blew up his house and held a funeral for him. As if he had been waiting for that exact moment he came back from limbo. To show him how much we missed him and to make clear that he can't do that to us we blew his house up again.

Later that year Lumi left the X-Sisters to start her own venture. I hope she is doing well. Sadly with us both being busy and us usually meeting at the bar there is barely time to spend, but we do text when we can.

Near the end of the year my friend Rach passed away. She was an X-Sister in all but name and with the bar right from the beginning. Well she might have planted that idea in Jess and Lumi shed to open that store so they could afford their own island.

Rach was a kind soul, always willing to help. When I first met her at Candy's after a few minutes she Imed me and pointed out to me in her own peculiar way "That my head might be a tad to small for my body". When I told her I was afraid of messing up my shape, she took my noobie self by the hand and patiently talked me through the steps.

I miss her and it's hard to process, that she won't be breezing into the bar, make sum quips and then suddenly poof cause she found sumthing she wanted to by anymore.

This was a quick look at my year in the X Sisters bar. There were a lot of hilarious and funny moments, sum sadness which made me cry. But all in all I would not trade them for anything.

I hope this year has a lot more excitement and fun in store for all of us.

FIRST ENCOUNTERS

- A BARFLY PERSPECTIVE BY NEIL (JESS' TOY)

It was a mid-July summer day when I stumbled into the X Sisters Sex Bar in Second Life. My path to the most seductive girls on the grid began with my obsession for profile perving, which I tend to do far more than I care to admit. The last pic in this particular profile suggested an unforgettable experience at X-Sisters Sex Bar! That's a pretty big claim, so I followed the link and instantly found myself standing outside of an establishment that had something different about it and piqued my interest enough to explore more.

The first thing I noticed was a friendly greeting when I walked in the door by both X girls and barflies alike. There was a much more genuine and friendly atmosphere than other bars I have been in, and right away I realized this place was different. What happened next really made me feel welcome as an X Girl named Gem introduced herself and quickly discovered it was my first time at the bar. Gem offered a tour of the grounds, which rarely happens in most sims I have been to, and it really put me at ease, allowing me to recognize this was a place I could feel comfortable at. I accepted her offer, and we were off to explore all the wonders that can be found both inside and outside of the bar.

Well, it only took a short walk down the beach behind the bar to not only have Gem in bed but also a second X girl named Mel. Now I've been around SL for years, but I confess I had not experienced much on the sex bar or escort front.

Gem was patient and guided me through the ways to pay and what things cost. I later found out there is an actual menu which is very helpful for the sex bar newbie.

What I found out in this experience is that not only was the sex with two X girls, sucking and fucking until we all were exhausted an unforgettable experience on its own, the feeling of paying for that experience somehow made it even more erotic. The X Sisters Sex Bar has so many girls with a variety of interests and kinks you can fulfill pretty much any fantasy you can think of, but there is so much more to be had.

Themes that make each day something new and different to experience. Events such as DJ nights in the club on Saturday night. Seasonal builds to celebrate different times of the year.

Things are always changing and evolving but one thing that is a constant, that will never change, is the friendly and seductively fun atmosphere that is always expressed to everyone who comes by to visit.

Oh, and you never know, you may just find your true place in life like I did, but that's a story for another time.

HAPPY BIRTHDAY!!!!!!!!!!!!

By Jess X
Photography by Caleb Parker

AAAAAAH! ANOTHER ISSUE! WHAT DO I WRITE? I CAN'T DO A LOOK BACK BECAUSE I DONE THAT LAST MONTH.

WHICH

WASN'T MY SMARTEST MOVE WHEN THIS IS THE ACTUAL BIRTHDAY ISSUE FOR THE BAR!!!

FUCK!

WELL UHM....

Let's talk about sex...

No really...

AHA!

Ok, look we all know that X-Girls love sex, it's what defines us. Well, part of what defines us. Think of X-Girls as a recipe.

8 Parts Sex
1 Part Crazy
1 Part Caring

Yes, we can be caring. But we really do love sex. I started this year with a couple of VIP Suite trips and a trip to the new X-Sisters Sex Motel. That one was fun.

A seedy dirty motel where walking up to the door after hearing the room service bell drives you wild. I have no idea what it is but it was a rush like no other.

Then Tahlia had a room service to deliver a few hours after I did and she said the same. Walking up to that motel room, knocking the door, stepping inside and getting paid. Then getting naked and having amazing sex in a dirty little room just felt so seedy and exciting.

That's what we do!!

Of course there's the rest of the stuff that comes with being an X-Girl. The dancing, the talking, the photoshoots, the magazine. Mostly it's me sending out notecards saying I need stuff to put their faces somewhere.

Which I guess makes a change from Barflies paying them to put their faces somewhere. Ok, terrible joke. I've been spending too much time with Tahlia and she's rubbing off on me.

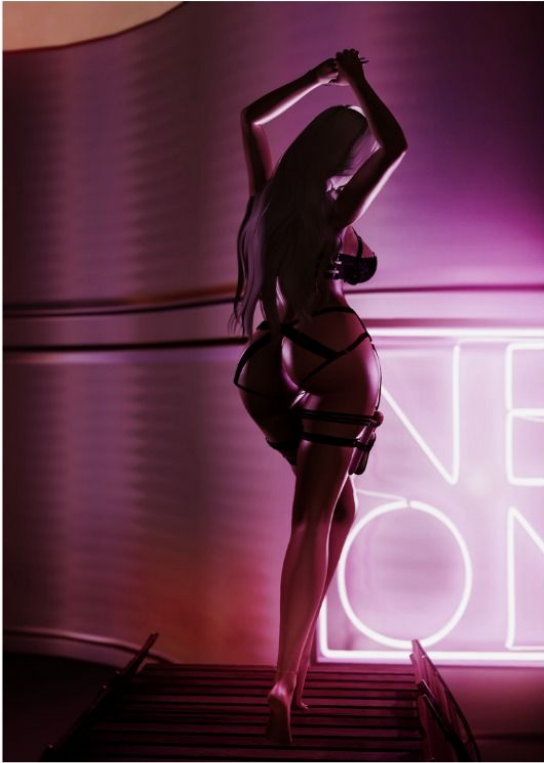

But that's it, how do I sum up one year of the X-Sisters Sex Bar? So much has happened and we haven't even started yet. From that tiny store to where we are now still blows my mind.

All you have to do is look at the pages on this magazine and you see how amazing our X-Girls are. And I look at it and think *“Yep, that's my staff, this is my bar, this is AMAZING!”*

Because it is amazing, and there is no other word for it.

I never thought we would last a year but we did. And I think the key to that success lies in a few very important things.

Firstly, we never ever wanted to be a club. When me and Lumi came up with the idea and decided what we wanted, it was never the idea of a club.

Personally, I hate when people call us a club. We're a bar. I also hate the term Brothel and yes, it could be argued that we are a Brothel. Would I deny it? Probably not but I think we deliver so much more.

What you get at the X-Sisters Sex Bar is an experience.

I once wrote a guest post on Second Life Adventures where I said *“Two weapon-wielding, chaos-causing, car-vandalising, tank-owning, explosive-loving, sex-crazed whores. Believe me, it's just as wild for us as it is for you.”*

I stand by that. Sure Lumi has moved on to new things and technically the bar is now just “X-Sister” instead of “X-Sisters”... but then that wouldn't be true.

X-Girls are X-Sisters. They are the most amazing and beautiful women you will ever meet in your life. Nothing even comes close.

And I get to call them family, how amazing is that?

Happy Birthday X-Sisters Sex Bar!!
